“ Whether death is expected or unexpected one thing remains the same and that is loss is nothing anyone like to go through. I have had the honors of having Dave in my life since childhood and I cherished each chance I had to spend over at the house with him and the family. I cant think of a time that I spent over there without him and I having a long drawn out conversation about anything under the sun. The fact that he went out of his way just to acknowledge someones presence said a lot about his caring nature. I could sit here and talk about how great of a man he was all day long, but I will spare everyone. Needless to say, Dave, I will always remember you and your legacy, I thank the family for being as loving as everyone is as well and I will always be here if you all need anything. I raise this can to the sky in memory of such an amazing guy. Rest easy Dave. You did your work here on Earth. Until we meet again.

“ So very very sorry to hear this. My prayers are for Tammy and all the rest of the family. He was a sweetheart. We had so many fun times playing corn hole at The Pub in Gahanna. There are too many fun times to just pick out 1 memory I just can't.

“ My name is Dan Carter and Dave and I met at Gahanna Lincoln High School. I left Mansfield to move to Gahanna between the 9th and 10th grade. Not a good time to change schools. I didn't know anyone and thankfully met Dave. We became fast friends and did those normal high school things together. Skipping classes, cruising Morse road on Friday nights, Drinking beer (his cousin Keith provided). Little kings or Miller, so gross. We ended up in the same car for drivers Ed so that was cool. Dave had a Ford Granada and he put this wind up key on the top. Whenever we stopped at a light I would jump out and pretend to wind up the car. He introduced me to Mary Jane (shhh) I introduced him to his wife Tammy. He was the best man at my first wedding. We were driving down Cherry bottom road one rainy night, Dave, myself and my brother Del. I was driving my 73 Galaxy 500. Going a little to fast and spun the car 180 Degrees into a ditch. Cops showed up and a tow truck. We came up with the brilliant story of the big dog that ran in front of us and caused me to swerve and we ended up in the ditch. We were just scared 17 year olds at the time. I am sure the cop didn't buy it but he pretended to. High school can be a tough place to fit in. I am sure glad I met Dave., It made that time pretty damn fun. Thanks Dave, those are truly great memories. Thanks my friend and Rest in peace.
