“ I grew up in Canal Winchester with Bridget. She was always so quiet and easy to be around. I'm so very sad to hear of her passing. It also saddens me that we did not stay in touch after high school. She and Larry were the best couple, meeting in school and staying together for so long. Something to be proud of for sure. God bless her family. Rest in peace old friend. I know you have been re-united with your lifetime friend, Rhonda Jordan who is also sadly missed. See you girls on the other side!

“ The first thing that comes to thought was Bridget loved her children not just her blood but always other children too. She always had at least one child sitting on her lap or coming to her w a question. It takes a special kind of person to love someone else children and she had that love. She was strong and caring. She will be greatly missed especially at special events like cookouts birthday parties and family get together. Now I image she has adopted the children in heaven. Bridget you will be missed. Love Louise Katz (Nestor).
