“ *Chantel was a close friend of mine for many years. I originally met her while working at Starbucks, and enjoyed being her friend and coworker. She will be greatly missed. I know she's up there with her precious Rocky hiking through the woods and playing in waterfalls.*

“ *I knew Tilly online for the past 4 years, she was one of the happiest, most genuine people I've ever met, she talked with love and passion about everyone and everything she did, she is greatly missed by her online family and she will not be forgotten. My love and deepest sympathy goes to her family, friends and Spencer as I can only imagine the hole she's left in your lives as she has in mine. Rest in peace my Chantilly Cream xx*

“ I wish to offer my sincere condolences to the family and friends of Chantel, Tilly, as I knew her. She didn't aspire to be the best in the game that brought us together, but she cared very much about the people she met and the wellbeing of the community she has created. She was sharing much of her self and was genuinely upset if people were troubled, she did everything she could to help and that was an endearing quality she had. She was also very open and was speaking very truthfully about her self, I liked that very much about her, she was very real in an artificial world. I will remember her as a warm, energetic and a chatty person, who enjoyed the nature and has liked to talk about horoscope and spirituality. I am very sorry for your loss and her too early departure. Rest in peace Tilly.

“ I only knew Tilly and Spencer in the virtual world. Tilly always saw the best in people and often knew their strengths before they themselves did. Tilly elevated people around her and was happiest when her 'beasties' tried their best. Strong-minded with an unsurpassed passion she brought people from all over the world together. Tilly will be missed by many and forever in our hearts. Sending lots of love to her family and friends and hugs hugs to Spencer

“ I only knew Tilly online over the past year, but in that time she was one of the most fun, kind, spunky, and open people I had ever met. She loved to share pictures of her latest outfits (always adorable) and was always ready to motivate you with genuine encouragement and a touch of silliness. She was a delight to have known, even if we never got particularly close. May her memory be a blessing.
