“ *My fondest memories of Chuck will always be when we lived across the street from each other on Guilford. School 80, Broad Ripple High School, snow ball fights and sledding down my parents hill on the toboggan. I always had the biggest crush on you but I felt like our friendship was worth so much more. When you moved away I missed you so. We lost touch for many years but you were always a friend I never would forget. Seeing you last summer brought back a flood of emotions. We all were so blessed to have known you, till we met again my dear friend!* ”

“ *So blessed to have such a great man as a brother. I remember spending time with him when I was in my teens and all my friends told me I had the coolest big brother they knew. He had a smile that warmed up a whole room and a heart so big . The world shines a little less bright with him not here.* ”

“ I was a young single mother and Chuck was a good friend of mine. He knew I was struggling financially. He asked me "what is the one thing you want that you don't have?" At the time Jordache jeans had first came out and they had designs on the back pockets. Everyone wanted a pair. No way could I afford a pair. He went out and bought them for me. I have loved him every since. Good guy.

Chuck was one of the nicest guys I knew while growing up. We were childhood friends and lost touch so many years ago. Back then he was the nicest guy I knew. My heart goes out to all of his family and friends. God bless you all and I pray comfort in this terrible time.

Chuck and I were hunting buddies, although he killed more deer than me with my crossbow, I never held that against him..LOL. We hunted the AEP land for years, we'd ride up in his van with the kids, and spend the a night or two with friends before hunting before dawn. We also shared Army stories, (although we didn't serve in the same units), we talked about Germany and when he was going start working on the backyard boat. We spent time with Jack at the Garden Inn bar NE Columbus after work. I miss you Chuck!
