“ *Just saw this obit. CWO3 Don Fant was one of the nicest and most intelligent guys I ever met. I was lucky enough to have him come work for me at AIMD Barbers Point HI, when there was one. He immediately took over as the Avionics Officer and made great and positive changes to the Division. He was knowledgeable, talented, humorous and a great pleasure to be around. His wedding on Oahu was a beautiful event. Played a few rounds of golf with Don in Hawaii and back at Pax. He sang a mean karaoke Secret Agent Man and most any song played. We drifted apart due to careers which I regret, and I will miss him greatly.*

“ Rachel/Jason/Alexandra.....Emerald and I send our deepest sympathies and affection your way during this time of loss. We recognize how difficult a journey this has been for you and words are so inadequate at this time. We grieve with you at Don's passing, but our faith assures us he's in a much better place now, free of the unfair yoke this life placed on him these past years. Please know his legacy of accomplishment and humanity will always remain untarnished by dementia's cruel grip. Likewise, be assured your family's love and dedication to Don as he dealt with his illness will always be an inspirational memory and example of unconditional love for those of us blessed to know you!
