“ *Boogene was always one of my favorite patients. He would dance when he came in the clinic if he heard my voice! He always knew how to brighten my day and had such a unique ability to sense everything good around him! I miss him so much! My condolences to the family.* ❤️

“ *My sincere condolences and prayers to Gene's family & friends, and special comfort to Roe. I had the pleasure to call Gene my play cousin, my friend, and a business associate-some years back we connected in consideration of starting a virtual secretary business, see Gene was so smart and business savvy too, and yaw see we doing zoom and virtual now (after the pandemic) but my dude Gene was talking to me about this concept back in the early 2000's so I must give him his props on this. Although you will be truly missed my friend play cousin, all I can say is no more suffering. Now go rest high on one of heaven's beautiful mountains where you can continue to watch over the people you love, cause we all need angels (Exodus 23:20-21).* 🙏
