“ *Helen was my grandmother. 31 years of amazing memories. Hard to pick even just a few. But my favorite was her cooking.. but also having sleep overs at her house when I was a kid. Every morning it would be pancakes or corn flakes with sliced bananas in it. She made amazing sweets. Her lemon pound cake was the best and I could eat a whole pan in one sitting if permitted. She made great depression era food like hot dog stes, cabbage and noodles, vegetable soup and stuff like that. Her marinara was the best, her meatballs as well. He always had old empty tins full of cookies, fudge and wedding cookies every holiday. I'm lucky to have her best recipes to which I will hold on till the end of my time on Earth. I couldn't ask for a better grandmother. I will miss her, but I'm happy to know she is at peace.*
