“ We grew up like brother and sister since we were only three months apart. He never felt like my uncle just another brother and friend . We were close when we were younger we even lived together for a little while before kids lol. We had some great times ge was always ready to gang out and jam. I will never forget his laugh it was infectious. I cannot believe he is gone . I wish we spent more time together these last few years but life just gets in the way I guess. You will be missed by your kids, family and friends.
