“ Sad to come across this. Was a classmate at Heights High, and we hung out together with Nate Golger and Armand Grunberger, both long gone.

“ I dont understand why no one tried to help her while the home she had became uninhabitable because of her hoarding and she had to sleep in her car in the driveway.All those "caring" neighbors in Clintonville walked past her with not one doing anything to alleviate her suffering.What plastic self centered hypocrites they are.Shame!!!

I was a neighbor of Judy's for many years, lived up the street on Arden in my family home. She knew my entire family. I would often ride the bus home with her. She was a wonderful person who loved her Australian Shepard dogs. I especially remember Gideon. I moved to the country in Pickaway county 21 years ago. We always exchanged cards at Christmas. She would always say how much the neighborhood had changed. It was always a sad note. I did not know she had died until two days ago when the son of a former neighbor called to tell me his mother had died. It was then he told me there was a dumpster at a house down the street. I was certain that it was Judy's from what he said. I will always think of her at Halloween, a holiday she loved and looked forward to every year. She had a different outfit for every day in October! Rest in peace, Judy. I'm so sorry your final days were so sad. Times change and neighborhoods change but not always for the best.
