“ *Mom - I'll never forget all the memories we shared together, and most importantly, all the life advice you shared with me over the years. You were never afraid to teach me right from wrong, while still allowing me to be myself. You shaped me into the man I am today, and I can't thank you enough for that. I know you'll have the best seat out of anyone for Carley & I's wedding and will be watching down over us with care and love. You're everything I hope to become one day. I love you so very much!*

“ You were the best Aunt any niece could have asked for. I am going to miss your laugh, how it filled a room with so much love. I hear it in my head every day and every time I close my eyes, I see your beautiful face. I am going to miss gossiping with you, and I will always remember the meaningful life tips you gave me. You would have been the best Great Aunt, and I promise you I will tell the baby all about you. I love you so much. Until we meet again.
