“ To my dear mother,

I wish I could've gotten to know you better, deeper you were my mother and I knew honestly not much about you. I've met you a few times and how I wished I could've saved you from the pain you were running from. It hurts me everyday knowing I couldn't of done anything. As far as I'm concerned you deserved much more. I miss you dearly everyday and the only thing I have to remind me of you is a wallet you gave me and the little memories I have. I love you dearly and hope that you know it. I wish you but nothing but the best in the afterlife / no afterlife to grow and heal. I hope you see how well we all grew up. R.I.P mom I'll always love you.

“ Renee I remember you as the little girl running around with a doll in your hand. I remember the way you would say chess for yes and how cute we all thought it was. I remember you playing in the dirt with Becky next to the big tree at your grandma judy's house.. This is how I choose to remember you, as a young vibrant girl full of life and laughter.. You will be missed by all
