“ My brother, my friend. I love you and miss you terribly. My life will never be the same without you in it. Thank you being my big brother. For all the wonderful childhood memories we shared. All of the "grown-up" things we went through together as well. I know where you are and that gives me great comfort. God Bless. You were my best friend. Ups and downs, nonetheless, we always loved and cared for one another. I promise, I will always be here for Matthew and do my best to contribute to his future and success. This still doesn't seem real. I don't know a world without you in it. That, I haven't wrapped my heart nor my head around...not yet. Kiss our Mother for me.

All my love always,

Your sister KB

“ To the family of Mark, you have my deepest sympathy in your loss. Death is one of the most difficult situations we must face because it robs us of our loved ones. Soon, God promises to swallow up death forever (Isaiah 25:8)!

“ My friend B Brown. We shared so many great times together. Fishing, boating, grilling, Steelers, talking about life. I wish your family the best. Tell Stevie I said wazzup? Thank you for all of the great memories that we made around music and playing shows. It is hard to put into words my emotions. I hope to see you again somewhere, sometime, somehow. Love you brother! I hope that you are at peace.

“ There are No words to express how much I will miss Bryon. He was apart of our family for close to 20 years and I loved him as another son. How will Christmas and July 4th be without him there too!!! My other son has music he wanted Bryon to hear! Well we will see him again some day, I know this. And I know that he is strong and healthy now too. We were blessed to know him and have him in our family. Always will love you Bry!! 🥹

“ My guy! I loved you with everything I had and hated seeing you suffering at the end. I truly hope that you are happy and safe and celebrating with your mom, Stevie and our various animals we shared over the years. I thank you for our son and for being the best you could be. I miss you so much and think of you every single day. I only hope that you are at peace and are watching over us cuz we need that rigjt now. I love you B Brown more than I probably showed towards the end 😍

My friend,
We shared many years of great music and good times! You will be missed and thought of forever. You were stubborn as the day is long and you did it just like Frank....your way! Your passion for music was deep and still remember you playing bass and singing like a rock star! Say hello to everyone and. We will see each other again! Keep the front porch light on for me! Love ya buddy!
