“ Whenever my family and I were going through some hard times, or our daughter was missing or when I was ill, Rick was always there on Skype reaching out to us. He sent prayers and his love and the most beautiful angels. Rick went out of his way to advertise our daughter's story and photo in hopes of helping find her. And the flyers did help. That is how we found our daughter after over a year. The entire time Rick checked on me to see how I was doing. If he didn't hear from me in two days, Rick would message me on Skype or ask our other marketing friends if they heard from me.

I became very ill in early September 2019 and almost passed. Rickey and I made plans to drive from Penna. to Ohio to meet Rick in person. I was too ill and almost passed on myself, bedfast for over a month. By the time I was strong enough to travel, Rick was gone. It broke my heart that we didn't get to meet. He was planning some great food, we were bringing the coffee and a special wine. Guess we will share that feast some place else.

What an amazing consoler and friend. He lifted me up and lifted up my husband Rick and daughter Kelly when we needed it most. Rick always tried to find solutions to problems. He was and always will be an amazing friend like no other that I've had in many many years. I will miss Rick until my last breath and until we meet again across that veil. I believe Rick Leach is soaring with the angels now.

God bless his spirit for all eternity and God grant Rick blissful peace.
