Rob, this came as a big shock to us all. I know we had our fair share of diffences in the past and present. I want to thank you for our son's Nick and Robert. While I may not have agreed with all your choices one thing for sure you made me a stronger person and taught me to stand up for myself. I pray that you found peace as I know on this earth you didn't have any. Please Rest In Peace and tell your mom hello. Love Donna
