“ Ted was a true friend. Numerous great memories of sports, camping trips or simply spending time together. He was a phenomenal athlete.

We had a string of annual fishing trips to the French River in Canada. We would tow his boat and camp on "Our island ". His Mother and Father were always situated in their camper weeks beforehand.

Early Sunday evening we set out for our final night of fishing Captain TR headed for a neighboring island to troll around. My line tightened and I Told Ted I was snagged. Looking puzzled he said I couldn't be as the depth gage read 26 feet. Then my rod tugged twice bending like never before.

It was on! Ten minutes later we got our first glimpse. "It's a trophy H". It escaped his attempt to net it. 10 more minutes and it was round 2. This time it knocked the net out of his hands! Another 10 minutes and we had her boatside again netless. Ted didn't hesitate. He reached inside her Gill and "Babe Winkled" her into the boat. Amazing! Ted really caught that Musky. No doubt about it. One of many treasured times I've spent with Ted. It will be fantastic to see him again in Heaven.
