“ Tiffany was my first born. Her sweet, kind personality grew with her throughout her child hood. She was my friend, my daughter, and a huge part of me. She loved everyone she knew and gave till she had nothing more to give. I will sincerely miss her smile, her phone calls and texts everyday just to say I love you momma. She will forever be in my heart and my mind.

“ Words can't describe how loving and sweet Tiff was. This is such a tragedy for everyone who knew her. If she loved you, she loved you with everything in her. I don't know how I'm going to go on without her. She was the other half of me for so long. I love and miss you Tiffy.
